## Testimonials

I had the opportunity to work with Tommi Pryor in my capacity as a California State Senator . . . It is rare for Republicans and Democrats to agree on anything when it comes to education, and Tommi was able to effectively navigate the turbulent waters of the legislature. I highly recommend Tommi for a position relating to public policy.

**Senator Ray Haynes, CA Senate Minority Whip (Ret.)**  
**National Chair, American Legislative Exchange Council (2000)**

The passage of AB691 with its \$200 million allocation (for K-12 Reading and Math grant funding) was extremely remarkable because of the current fiscal condition of the state. Our success this year was due to Tommi Pryor's excellent judgment. She realized what was achievable and then moved quickly and judiciously to make it happen.

**Stephen Rhodes, Partner, Strategic Education Services**

Tommi Pryor would be an asset to any company or organization looking to impact public policy, raise funds, develop strategic alliances, or increase memberships or partnerships.

**Gary Huggins, Executive Director, Education Leaders Council**  
*(Organization of conservative state education agency chiefs)*

Tommi was responsible for assisting me in developing a Government Relations infrastructure to support state initiatives designed to increase HOSTS' market share. In this capacity, she recruited and managed lobbyists in key states, established relationships and secured meetings with key policy-makers and government leaders, researched and analyzed legislative initiatives and opportunities, assisted the company with marketing strategies and the development of materials, advised the company on compliance issues, successfully built bipartisan support for company sponsored legislation, and assisted in forming strategic alliances with leading policy-maker organizations. She exceeded my expectations in her ability to network and to accomplish difficult assignments.

**Bill Gibbons, Chairman, HOSTS Learning, Inc.**

Your campaign for our state affiliates increased donations by 300% for the year.

**Dr. John Wilke, National Right to Life Committee**

The direct mail package you designed for our PAC brought us out of debt netting \$7.00 for every name mailed, a 700% return on investment!

**John Maxwell, Executive Director, Campaign for Prosperity**  
*(Jack Kemp's PAC)*

Your help was important in forging this victory!
